

## **Information about College Applications for September 2020**

All of the local colleges are aware that some students and parents may be worried and anxious about their future options. The Colleges are closed but the majority of staff are working from home so all applications and enquiries will still be dealt with online. All the colleges have advice and information on their websites. The advice from colleges is as follows:

- If you have already been offered a place on a course you do not need to contact the colleges. They will contact you nearer the start date of the course.
- If you have been offered a place but the college have asked you to send any documents to them this still needs to be done. Please do not send any paperwork via the post as the colleges are not open. If you are unable to send documents via a computer then please contact the relevant college (contacts given below).
- If you have submitted an application but have not had an interview/offer yet then a member of college staff will be in touch with you. If you have not heard from the college by 15<sup>th</sup> May then contact the relevant college (contacts given below).
- If you have not submitted an application yet then this should be done as soon as possible online. If you need advice from the colleges before applying then please contact the relevant college (contacts given below).
- If you have any concerns at all about applying to college then the college staff are very happy to deal with any enquiries.

Most of the colleges are now offering telephone interviews. Please do not worry about these. We are sending a sheet of advice and tips along with this information sheet.
