

# Secondary School Health Team Newsletter

## Term 6 June 2023

*This newsletter aims to provide families and young people with some useful tips for keeping healthy. Childhood is an important time to instil healthy habits and learn crucial life skills. Establishing these habits early on will help to improve your child's quality of life in the future and enable them to reach their full potential educationally.*

### Worried about money over the holidays?

For free activities and meals have a look at

<https://coordinate.cloud/haf-oxfordshire-county-council/>

or for local foodbank provision

[Find a Food Bank - The Trussell Trust](#)

Family information service - huge range of resources, links, activities, and services in Oxfordshire

<https://fisd.oxfordshire.gov.uk/kb5/oxfordshire/directory/>

**Vaping** - Vaping is becoming increasingly more popular with young people and is not risk free. The National Institute for Health and Care Excellence recommends that vaping should be discouraged in children and young people who have never smoked. Children's doctors are calling for a complete ban on disposable vapes because they may damage young people's lungs and are bad for the environment.

## ChatHealth

Our online messaging service for young people aged between 11-19yrs will be operating during the summer holidays.

Young people, if they have any health concerns or want some advice, can text any time of the day or night, and receive a response the next working day. We have had very positive feedback from young people, and have offered advice and support on sexual health, emotional and mental health as well as general health concerns. **TEXT 07312 263 084**

### ChatHealth 11-19 years

New School Health Nursing messaging service for young people aged between 11-19 years attending state schools in Oxfordshire

**Text 07312 263084**  
to message a school health nurse

### Vaccinations outstanding?

If your child is in Yr's 7-11 and has missed any of the following vaccinations, it's not too late for them to have them.

- HPV 1(usually given in Yr8) or HPV2 (usually given in Yr9)
- TdP/MEN ACWY (usually given in Yr9)
- MMR (usually given at 13mths and 3yrs 4mths)

If you are unsure if your child has already had the vaccination, please check with your GP in the usual way or call the Child Health Information Service on 0300 561 1851

Watch out for the information sent by school on how to provide consent for vaccination or email us at [immunisationteam@oxfordhealth.nhs.uk](mailto:immunisationteam@oxfordhealth.nhs.uk) stating your child's name, school, dob, your contact telephone number and which vaccination is missing.

At times children and families need a bit of extra support. We want families to know that it is ok to ask for help. Your child's School Health Nurse can sit with you and help you identify your family's strengths and needs. [22-0049-A4-Leaflet Early-help-guide-for-families.pdf \(oscb.org.uk\)](#)

**“** Talking to people can make a real difference. By getting help now you can stop problems getting worse. **”**

### Alcohol Awareness Week 3th-9th July 2023

A chance for the UK to get thinking about drinking.

The high spirits of the end of Yr 11 or 13, or the warm summer days are often associated with consumption of alcohol. Unfortunately there is no safe upper limit of alcohol for under 18s and it does have an impact on the developing body and the brain. You can find a really helpful resource on having those challenging conversations with your child from DrinkAware [here](#).

Children and young people in Oxfordshire can find advice, support and guidance on alcohol from [Here4YOUth](#).

### This summer be dog safe:

- Be alert – always keep an eye on children around dogs*
- Be aware - dogs use signals to tell us how they feel*
- Be safe – any dog can bite, accidents can happen fast*
- For practical tips to ensure children and dogs can live safely together read:*

<https://capt.org.uk/dogs-and-children>

### Exams results day

We hope your child will achieve the results they were hoping for, but if they are concerned about their educational future, school staff will be able to help. **ChatHealth** is a good way for young people to contact the SHN service to discuss their concerns or worries, and for parent/carers our details are below if you would like to contact us.
