

Revision Strategies

Say / Cover / Write

What's the point in revising?

How to overcome the forgetting curve:

1. Plan to revisit topics (this is called revision!)
2. Revise topics shortly after learning them
3. Spaced learning
4. Reduce your cognitive load

What is Say / Cover / Write?

- Say the information (out loud or in your head)
 - Cover up the information
 - Can you write it out?
 - Check to see if you got it right
-
- Keep repeating this process until you get it right

When is Say / Cover / Write useful?

It is really good for information you have to learn off by heart:

- Equations
- Diagrams
- Spellings
- Lists of facts
